

Service Information Letter

RotorSport UK Ltd				
Poplar Farm, Prolley Moor, Wentnor, Bishops Castle, Shropshire, UK, SY9 5EJ				
SIL No.: 006 issue 1, dated 24.02.2011			CCAR No.: None	
Aircraft type & model (applicability) RotorSport UK MT-03, MTOsport, Calidus			Aircraft serial Nos. effected RSUK/MT-03/all, MTOsport/all, Calidus/all	
The purpose of this document is to communicate information to pilot owners of RotorSport aircraft that may be of benefit. If there is any clarification required of the content of the letter, contact RSUK on 44(0)1588 650769, or email info@rotorsport.org .				
<u>Subject</u> Rotax servicing – new oil filter			Issue date: 24.02.2011	
<u>Safety effect</u> No change				
<u>Weight and CG effect</u> Not significant				
<u>Background:</u> Rotax have announced a change in the manufacturing process of the canister oil-filter for 912 and 914-series engines. This results in the canister being some 3.5mm longer, for which a new part number has been issued.				
<u>Recommendation:</u> RSUK presently fit (and supply as a service item) part number 825706 (as RSD4421) for use on the 912ULS and 914UL engines installed in RSUK MT-03, MTOsport and Calidus aircraft. As this part is now discontinued by Rotax, when present RSUK stocks are exhausted part number 825012 (as RSD4615) will be fitted/supplied.				
RSUK have evaluated the new filter and whilst noting that access (between the engine crankcase and the exhaust) is made slightly more difficult the new filter may be readily fitted by inclining it during installation.				
				
Access here is restricted				
Effect on Pilots Handbook or Maintenance Manual? Yes – comments to be incorporated at next revision of Maintenance Manual
